CITY COUNCIL.

A Full Meeting Held Last Night-Mat ters of Importance Acted Upon.

The Main street Bridge Will Be Repaired Im mediately-A Petition and Vote From the South Sido.

The city council met in regular session last night and matters of importance were acted upon. There was a little ripple of excitement when one of the members from the Fourth ward appeared, but the work went on after a little sparring.

The meeting was called to order by the mayor at 8 o'clock, with a quorum present. Messrs. Bailey, Day, Frazer and Clements were absent, but Messrs. Frazer. Clements and Day appeared during the rending of the minutes, leaving only one absence, that of Mr. Bailey.

The minutes of the last regular meeting were read and adopted, also those of the special session. Mr. Martin's absence from the last three meetings was excused on account of sickness.

The committee on claims reported claims to the amount of \$526,25 and was adopted.

The committee on fire department commended the report of the fire chief and force, and presented a resolution to the effect that a lot be be selected for a cen-tral hell, additional fire boxes be put in and allow og one day off in every ten for those tiremen who are on duty all the time. This was made a special order for

The committee on waterworks made a report of the bids on the electric light The bids were three in number, the bighest being \$7355, and the lowest \$5470. The committee calculated on about \$3000. Mr. Nies thought that \$1500 would amply pay for the structure

had no proposition to make, not under-standing what was wanted. Mr. Leversedge submitted that he was ready to make temporary repairs for the sum of \$1750 with weekly payments under the city engineer's supervision, and the offer not open after May 28. The city should take all risk of collapse. Mr. Frazier reported that the North Side street rallway company would pay \$500 towards the repairs, which will allow another slide of two feet or more. The past slide has been estimated at eighteen inches. The city engineer thought that the plan of Mr. Leversedge was entirely satisfactory. Mr. Haines ex-plained that the plan was to put the bridge on false work. He blmself would only work by the day or on the percentage plan. He could make so esti-mate. He would put a shoe and brace on the southern piers and plumb them, thus allowing more sliding. Mr. Nicks moved that Mr. Haines'

proposition be accepted which allows him 10 per cent, of the cost for oversight and ools. Mr. Clements did not wish to be regarded as an obstructionist but thought that this scheme was intangible. He wanted to know the figures before the work was commenced. Mr. Nicks stated that Messrs. Cetti and Lynch advised this method of doing the work and thought that possibly the work might cost less. In Mr. Leveresidge's plan the city would have to indemnify him for any loss or damage. Mr. Haines' plan after some discussion was carried. Mr. Nies moved that the street and alley committee allow the work to proceed after the North Side street rallway com-

pany pay the \$500 towards the work.

The ordinance granting the Fred Heim brewing company, which was laid over from last week, was taken up by sections. The first provided that a single track be laid on Front street from the east side of Jennings avenue 300 feet was adopted. The second provides that the work be done within ninety days and the streets be kept in good order at the company's expense, also if any im-provement be made on that street the mpany should reconstruct the switch to meet it and the whole be under the duty to pay any damages which the switch might occasion. Adopted with amendments of single words. The ordinance shall take effect after its passage. The ordinance was then adopted

A. M. Carter was present and wished the ordinance on the Park street railway brought up, as they had been ready to give out the contract for some weeks. and were only waiting for the action of the council. The company are willing to construct their own grade over Hill street, as the ordinance calls for.

At this point Mr. Bailey made an appearance and wished a reconsideration of the bridge question. Mr. Martin, after a long delay, moved that Mr. Bailey be allowed to record his vote. Balley's request Mr. Martin withdrew his motion and nobody moved a reconsideration, Mr. Bailey wanted as age and no vote on the bridge question, but was ruled out of order. His vote was recorded in the negative.

The resolution that the city council appoint an assistant city engineer at blank salary to superintend to all sewer work and report to the sewer committee was then taken up. Mr. Bailey insisted that the matter be left over one week for the sewer committee to take action in committee meeting. The salary was set at not exceeding \$125 per month on Mr. Clemets' motion, Mr. Balley meyed that it be referred to the sewer committee, but he received no second. The resclution was then adopted.

The resolution to put in sewer pipes on Leuda street, in the vicinfty of Missouri avenue and Louisiana avenue, was re-

A petition asking that the culvert on West Broadway, near Hemphill street, be extended, was referred to the street

and alley committee, with power to act. The Santa Fe road was granted the power, when an ordinance to that effect was passed, to build a line from East Fifth street to the warehouses of Maddox

& Ellison. Mr. Byers' proposition to pay \$500 to repair the bridge was read and accepted.
The action of the secretary was approved in paying Frank Martin \$900 on

note and interest \$72. Mr. John Thornton's acceptance of a position on the board of equalization

was received and adopted.

A petition from Mr. Wade that foun Thompson be appointed special police at: Wade's theater excited some comment on the fire department allowing such a money to be had, building to remain, and the city attor. Fort Worth 6 cer Co.

nev said it was impossible to get a judgment against anyone on that ground, Mr. Martin made a motion that the olty marshal file a complaint against the

owner of the theater. Carried. Mr. Balley moved that the street and alley committee see to moving the building from Hyde Park. Carried. It was moved that the petition and bond of Mr. Thompson be received and

filed. Adopted. A resolution that an assistant city engineer be appointed to attend to all street work under the street and alley committee. It was passed without ac

A bid of \$14 for painting the enginhouse on Tucker's hill was received an flied

An ordinance regulating water close connections with the sewers, providing that they be kept flushed, was laid ove on its first reading.

A resolution instructing the street and alley committee to have the streets ove the bluff to the water works graded and fenced was adopted. The public builing committee was in

structed to examine the roofs of school buildings, and report was adopted.
William Barr's acceptance of the office of president at the coming election, wa adopted.

John A. Thornton's bill, attorney fees, expense while poundkeeper, was re ferred to police committee and city at-

Mr. Smith made mention of an old lady who was nearly blind, and a little boy, who had recently come to the city. She now asks help from the city. She has a railroad pass to St. Louis and wished her hotel bill paid and a little additional. The matter was referred to the pauper committee with power to act.

Thanks were extended to Messrs. Cetti and Lyuch for their expert services in regard to the bridge and ordered to be tpread on the minutes.

A petition was here presented to the mayor from the South Siders, east of St. Louis avenue, and read to the council. It was as follows:

Safolo would amply pay for the structure as designed. Mr. Frazer explained that time was pressing and moved that the lowest bid, that of Heek & Baker, be taken. The alternative of putting up a temporary affair was placed before the council by Mr. Nies. The engine of 160 horse power will be delivered on June 15. The motion was carried.

Under the head of special business the secretary reported that Mr. Haines was present in reply to the inquiry in regard to the bridge repairs. Mr. Leversedge sent in a written statement. Mr. Haines had no proposition to make, not understanding what was wanted. Mr. Leversedge and parcel of said city of Fort Worth.

It was as follows:

To the Honcable Mayor and City Council of the City of Fort Worth:

We, the undersigned, whose names are hereto subscribed, declaring our vote in favor of or against annexation of territory or extending the limits of the city of Fort Worth as the southeast corner of the city limits, thence south three quarters of a mile, thence west to a point on a line with St. Louis are nue with south boundary line of said city of Fort Worth, thence cans with the sellowed as part and parcel of said city of Fort Worth.

An accompanying affidavit, signed by

An accompanying affidavit, signed by Messre, D. P. Shaw, W. E. Williams C. M. Dobbs, E. P. Williams and O. M. Jordan, certifying that the votes were east as set forth, makes the petition an election according to the supreme court of the state. There were 101 votes in favor of annexation, 17 against, 16 refused to vote and 16 were not seen.

Professor Williams and Mr. Gregg were heard on the matter, and action on it was deferred until Thursday night, when on motion of Mr. Nies an ordinance annexing the South Side east of St. Louis avenue, according to petition, will be brought in and acted upon. Mr. Gregg said that he wished action delayed on this petition because another was becirculated over the entire South Side to nearly the same effect, and he was sure it would be in favor of annexation, and then the whole territory would come in together.

On motion of Mr. Jackson the council will meet Thursday night to take action in regard to this matter.

Mr. Day then called the attention of the council to a tract of land containing 200 acres which can be purchased at \$350 per acre. Mr. Day mentioned the necessity of more cemetery room. The land is just to the south of the present city dumping grounds. After a little discussion on that and other matters the council stood adjourned, on motion of Mr. Nies, until Thursday night.

DR. T. B. HANNA.

One of the Foremost Citizens of Denison Passes Over the River-Special to the Gazette.

DENISON, TEX., May 27.-Dr. T. B. Hanna died at 12:30 this morning. For several years he has suffered with heart trouble, which finally culminated in his death. He was born in 1834 in a little Pennsylvania town, Spring Mills. There he spent his boyhood. After studying medicine he came West and landed in Denison in 1876. From that day he became prominently identified with the city's interest and labored long and well for Denison's wellfare. His enterprise, tact and ability wor for him a host of friends and the death of no man in the community will be of no man in the community will be folt more keenly. To know Dr. Hanna was to respect him. His perfect sincerity as a gentleman, the high sense of honor that characterize his actions put him in the front rank of citizens. Dr. Hanna was a member of the Grand Army of the Republic organization of this city, a member of the board of trade, of the cemetery association, a member of the grand lodge of the Knights of Pythias, a director of the First stational bank and was connected with the Denmatonal bank and was connected with the Denmaton of the Connected with of the Knights of Pythias, a director of the First national bank, and was connected with the Denison improvement company, and the Denison land and investment company. In 1884 he was elected mayor of Denison, and for two years gave the city a model administration. With every enterprise in Denison he was one of the most active, and used his skill, judgment and intellect with a fineness that made his opinion of value to the growth of the city. The remains will be interred in Fairview cemetery Wednesday evening at 4 o'clock under the auspices of the Knights of Pythias and the Grand Army of the Republic organizations.

San Francisco, Cal., May 27,-Joe Chojinski of this city and Jack Davis of Omaha fought club last night. Davis was defeated. The contest from the start to the finish was a good exhibition, and some terrific alugging was seen. Chojinski depended entirely upon his left hand while Davis' great strength and rushing qualities almost finished the fight at several stages. Chojinski weighed 105 pounds and Davis 170. Davis rushed Chojinski in the first round and the latter tripped and fell heavily. Davis scored a clear knock down in the second and sent Chojinski to the floor twice in the third round, Davis continued his rusning in the fourth round, and knocked the San Francisco man down twice. Chojinski, however, landed heavily on Davis' neck, and when the round closed both men had to be led to their corners. In the fifth round Davis was knocked to the ropes, in a demoralized condition. Some victous fighting was kept up in the sixth and seventh, Davis getting hadly punished in the neck and wind. In the eighth test from the start to the finish was a good ex-

round Davis rushed as usual, but the heavy blows he met sent him to the floor twice. Davis was knocked down twice in the ninth round, but he recovered gamely and stood before Chojinszi, but before the latter could strike again Davis fell on his face and was counted out, while Cho-finski was declared winner.

Several speeches were made, and a willingness on the town's part to do her duty was shown. This committee was also instructed to confer with the officials of the Santa Fe with a view to securing the end of a division of the Santa Fe road. Since the Santa Fe has bought out the 'Frisco there is a strong probability that this place will be made the end of a division.

Knocked Down by a Bunaway.

While a hose cart of the fire department was proceeding along Elm street in response to an alarm of fire this afternoon from the Alliance building, a team; hitched in front of a building broke away and started after the fire depart ment outfit. N. W. Hewill and Virgi There will be a meeting at the courthouse to-night by prominent men of the town and county to form a commission club to support Hogg. Collins, one an engineer and the other fireman, were watching the hose part and did not see the runaway team, which knocked them down and ran over them. Hewill received a severe bruise on the arm and Collins a flesh wound across the The Sunday-school of the Unitarian church will hold a picuic on Marine creek, near the stockyards, to-morrow, (Thursday) May 29, to which all their friends are cordially invited. stomach. serious. Too Good to Leave Out. The Times-Herald tells the following

on a Dallas alderman:

A good story is told on a Dallas alderman. Yesterday he was out with his col-Jacob 8, asser and saiss L. C. Rermann of Denion took out a marriage license vesterday and started for Fort Worth, the Spring Palace and a minister. They struck the town all right and found the minister, but the license Jacob had wouldn't work in Tarrant county. There was disappointment for a moment, but when an-other was procured here the couple's troubles for the day ended and they took a wedding tour to the Palace. leagues taking in the sights of Fort Worth. Sauntering along the street with the chief of the Dallas fire department and others they came to a fire station. Just inside the building was a small box over which was the inscription. " Drop a to the Palace.

The entertainment to be given at the university to-night is the closing of the commencement exercises and a pleasant evening is expected. After the exercises in the chapel, among which will be an address by Bishop Goodsell, are concluded the music will be continued on the campus in the open air. The campus will be illuminated and refreshments served. Professor Ault will fornish the music with his full orchestra and nothing will be left undone to make the closing of the year as bright and pleasant as the year has been all the way along. All the officers and students of the institution will be present, and whoever attends nickle in the slot and see the horses run." He eyed it suspiciously for a moment and then, passing his hand into his pocket, remarked, "Well, I will give a nickle to see this Fort Worth fire department trot out." In went the nickle and down came a small trap door revealing two small tin horses. The alderman's countenance was o'erspread with disgust. He passed his hand through the small door to the box, recovered his nickle and wended his way across the street to a sign which read "'The Last Chance,' and there he blow the coin in for a glass of

A Binzelette,

A fire alarm sent in from the Alliance building this afternoon caused the department to believe that another courthouse conflagration was on hand. The fire was caused by a mattress in the jury room becoming ignited, it is supposed, from a cigar or cigarette stump carelessly thrown aside by some smoker. It was discovered by Mr. C. B. Gillespie, who fired the blazing mattress out the window. His timely action doubtless saved the valuable building, as its interior, consisting of yellow pine, would have made fine fuel for a well-started blaze.

Cleveland vs. Harrison.

Special to the Gazette. Austin, Tex., May 27 .- Governor Ross was interviewed on his trip to-night. Among the incidents given the governor said his impression of President Harrison was most agreeable, and when compared to Cleveland the latter suffered by the comparison. The governor gave a glowing account of the reception given him at various places in the North.

Proved Self-Defense,

Special to the Gazette. Gaveron, Tex., May 27.—Gus Huey, the negro who shot and killed Benjamin Washington, another negro, on the night of February 24, in a quarrel over a woman, was tried and acquitted in the criminal district court to-day, the prisoner clearly proving that he shot his victim in seife defease, Rapid transit of cattle from the range to market is what cattlemen want and railroads generally are realizing this fact. Cattle are yanked along now at express train speed and it tells in prices.
